

I.CON TWINS

Biography

I.Con Twins is a Chinese-Canadian Conscious Pop singer-songwriter, performing duo, consisting of Calvinia Poon & Carmina Poon from Calgary, Canada.

I.Con Twins writes **Conscious Pop music** to INSPIRE and spread POSITIVITY & CONFIDENCE to their listeners so that they can confidently transform to their true authentic selves. They call it, "Music with a transformational message."

In 2016, the duo sacrificed their soaring banking careers in Calgary and moved to Hong Kong to pursue their music dream from scratch. Consciously choosing their dream and embracing their true selves was the start of their self-transformation journey to their authentic selves.

They felt scared, misunderstood and alone. But they knew they needed to have confidence in themselves to keep going. That's why they named themselves I.Con Twins.

I.Con Twins stands for **I am CONFident**. The duo believes that as long as we have confidence and believe in ourselves, we can achieve anything! It's never too late to live a happier and more conscious life!

Since then, they've performed at **MGM Resorts International**, competed at **The Voice of China Hong Kong**, performed at **Hong Kong's Queen Elizabeth Stadium, MacPherson Stadium** and debuted their **Canadian performance** with an audience that filled a 3500 sq. ft. venue.

In 2019, I.Con Twins self-launched their debut single, "**Setting Fires**" on one of Hong Kong's largest broadcasting stations, **RTHK**. "Setting Fires" and I.Con Twins' story is featured on **South China Morning Post** - the daily newspaper with the highest regional readership in Hong Kong. In 2020, they released "**Setting Fires (Part 2)**." Within a year of their debut release, "Setting Fires (Part 2)" was awarded "**Motivational Act of the Year**" in the UK along with votes from their global fans, becoming the top 5 finalists in the "**2020 People's Choice Music Award**" in Calgary.

In 2022, I.Con Twins was honored with the "**Hottest Singer-songwriter Female Group**" award in Hong Kong in recognition for their original music and achievements in the music industry.

I.Con Twins wrote "Setting Fires" to inspire self-transformation. They hope to inspire listeners to take the leap, self-transform and believe in their burning passion from within to keep Setting Fires to their lives!
